About Us

Book Boutique is the project of 3 friends who share together the passion of reading and came up with this idea in 2016. Our intent was to spread this passion, trying to impassionate other people, selling interesting and books rich of constructive knowledge.

Book Boutique

Sometimes, you read a book and it fills you with this weird evangelical zeal, and you become convinced that the shattered world will never be put back together unless and until all living humans read the book.
